Dear Mr. Dulles,

under separate cover I am sending you number seven of twenty specially-bound copies of my booklet, "Die Saar in Versailles", which just came out at Roehrscheid Publishers, Bonn. It contains a document sent to you in 1919 on the last page. I hope that my story will be pleasant reading to you and that some day we might discuss the present situation in the Saar, which, really, deserves our attention. If you happen to know an American publisher who might be interested in bringing out the English original of this translation please kindly recommend my manuscript to him. It would, of course, be best to have the entire History of the Saar, of which the present publication is only a very small part, but the subsidy even for this tiny thing was \$ 200.-

With the season's greetings,

sincerely Yours,

H. Thier

I have no knowledge of the booklet having been received - after it may be at DC's for. No acknowledgment has been written, as far as I know
